Thursday, October 6, 2016

Plenary Session: Opening Ceremony
16:30 - 17:30

Chair: Amos Korczyn (Israel)
Chair: Zvezdan Pirtosek (Slovenia)

Historical Concepts of Feeble Mindedness
Zvezdan Pirtosek (Slovenia)

What does the Cognition-Related Metabolic Pattern Teach Us About PD?
David Eidelberg (USA)

Plenary Session: Plenary Session 1
17:30 - 19:00

Chair: Ranko Raicevic (Serbia)
Chair: Emmanuel Broussolle (France)

Chocolate - Sweet course of PD
Heinz Reichmann (Germany)

Caffeine and PD: From Epidemiology to Treatment?
Ronald Postuma (Canada)

Smoking, Nicotine and PD
Angelo Antonini (Italy)

Friday, October 7, 2016

Plenary Session: Plenary Session 2
08:30 - 10:00

Chair: C. Padkumar (India)

Non-Motor Fluctuations
Sharon Hassin-Baer (Israel)

New Concepts of Non-Motor Subtyping in PD
K. Ray Chaudhuri (United Kingdom)

Is PD a Prion Disease?
Amos Korczyn (Israel)

Parallel Session: Understanding Huntington’s Disease
10:30 - 12:00

A
Chair: Bernhard Landwehrmeyer (Germany)
Chair: Laszlo Vecsei (Hungary)

**Cognitive Impairments**
Anne-Catherine Bachoud-Levi (France)

**Behavioural Alterations**
Erik Van Duijn (Netherlands)

**Biology and Pathology of Cognitive Impairments and Behavioral Alterations**
Bernhard Landwehrmeyer (Germany)

**Treating Huntington's Disease: Established and Experimental Therapies for Cognitive Impairments and Behavioral Alterations**
Anne Rosser (United Kingdom)

---

**Parallel Session: Genetics**

10:30 - 12:00

Chair: Ziv Gan-Or (Canada)

**Genetics and Cognition in PD**
Roy Alcalay (USA)

**REM Sleep Behavior Disorder and Conversion to Movement Disorders: Lessons from Genetics**
Ziv Gan-Or (Canada)

**Genetics of Dementia with Lewy Bodies**
Dag Aarsland (Norway)

---

**Parallel Session: Multidisciplinary Treatment**

10:30 - 12:00

Chair: Milica Kramberger (Slovenia)

**Multidisciplinary Treatment, Why, When and How?**
Milica Kramberger (Slovenia)

**The Role of a Psychiatrist in the Management of Parkinson's Disease**
Daniel Weintraub (USA)

**A role of Specialized Nurse in Multidisciplinary Management of Patients with Movement Disorders**
Robert Rajnar (Slovenia)

---

**Parallel Session: Speech Disorders**

10:30 - 12:00

Chair: Irena Rektorova (Czech Republic)
Chair: Yael Manor (Israel)
Functional Correlates of Motor Speech and Predictors of Cognitive Decline
Irena Rektorova (Czech Republic)

Behavioral Treatments for Speech in PD
Yael Manor (Israel)

Hypokinetic Dysarthria: Lessons from Longitudinal Studies
Sabine Skodda (Germany)

Speech as a Marker for Early Diagnosis (and Differential Diagnosis)
Evzen Ruzicka (Czech Republic)

Plenary Session: Plenary Session 3
12:00 - 13:30

Assessment of Quality of Life
Pablo Martinez-Martin (Spain)

Alpha-Synuclein Immunization
Wassilios Meissner (France)

Break, Exhibition and Poster Viewing
13:30 - 14:30

Parallel Session: Vascular Parkinsonism
14:30 - 16:00

Chair: Kalyan Bhattacharyya (India)

VaPark Consensus
Ivan Rektor (Czech Republic)

Risk Factors
Jarek Slawek (Poland)

Cerebrovascular Disease and Parkinsonism - More than Vascular Parkinsonism
Igor Petrovic (Serbia)

Parallel Session: New Antiparkinsonian Drugs
14:30 - 16:00

Chair: Per Odin (Sweden)

LCIG Infusion - State of the Art
Angelo Antonini (Italy)
Continuous Drug Delivery and Continuous Dopaminergic Stimulation: Experimental Background
M. Angela Cenci Nilsson (Sweden)

Apomorphine Infusion - State of the Art
Teus Van Laar (Netherlands)

L-dopa: New Formulations
Per Odin (Sweden)

Parallel Session: Deep Brain Stimulation (DBS)
14:30 - 16:00

Chair: Mike Samuel (United Kingdom)
Chair: Maja Trošt, MD, PhD (Slovenia)

Effect of DBS on Non-Motor Symptoms in PD
Keyoumars Ashkan (United Kingdom)

EARLYSTIM: STN-DBS Alleviates Behavioural Side Effects of Dopamine Replacement Therapy when Compared to Best Medical Treatment
Paul Krack (France)

Parallel Session: Dementia with Lewy Bodies
14:30 - 16:00

Chair: Dag Aarsland (Norway)

The Mechanisms of Visual Hallucinations in Lewy-Body Diseases
Dominic Ffytche (United Kingdom)

Rate and Predictors of Cognitive Decline
Milica Kramberger (Slovenia)

Drug Treatment of DLB: Clinical Practice and Novel Findings
Dag Aarsland (Norway)

Risk Factor for DLB and PD-Dementia, are they different?
Zvezdan Pirtosek (Slovenia)

Break, Exhibition and Poster Viewing
16:00 - 16:30

Parallel Session: Frontotemporal dementia (FTLD)
16:30 - 18:00
Chair: Lea Grinberg (USA)
Chair: Judith Aharon (Israel)
**The Clinical Spectrum**
Judith Aharon (Israel)
**Genetics and Pathology**
Lea Grinberg (USA)

---

**Parallel Session: Impulse Control Disorders (ICD)**

16:30 - 18:00

Chair: Mike Samuel (United Kingdom)
Chair: Paul Krack (France)
**Phenotypes, Severity and Impact of ICD**
Daniel Weintraub (USA)
**Structural and Functional Imaging in ICD**
Antonio Stratella (Canada)
**Surgical Therapies for ICD**
Angelo Antonini (Italy)

---

**Parallel Session: Autonomic Dysfunction**

16:30 - 18:00

Chair: Tjalf Ziemssen (Germany)
**PD and Skin Nerves: Small Fibers, Big Opportunities**
Timo Siepmann (United Kingdom)
**GIT and PD**
K. Ray Chaudhuri (United Kingdom)
**Deep Brain Stimulation and ANS**
Tjalf Ziemssen (Germany)
**Galvanic Skin Reaction as a New Method of Assessment of Autonomic Dysfunction in PD**
Andrzej Friedman (Poland)

---

**Parallel Session: Olfaction**

16:30 - 18:00

Chair: John E. Duda (USA)
**Olfactory Loss in the Differential Diagnosis of Parkinsonism**
John E. Duda (USA)
Lessons we Learn from Volumetric Imaging and Electrophysiological Examination of the Olfactory System in PD  
Antje Haehner (Germany)

Olfactory Function and other Biomarkers: Potential Identifiers of Premotor PD  
Kimbley Good (Canada)

Industry Session: Trainees symposium  
18:00 - 19:30

Parallel Session: Neuroimaging  
18:00 - 19:30

PET Molecular Imaging of Non-Motor Symptoms in PD  
Marios Politis (United Kingdom)

Multimodol Imaging in PD: Combining fMRI with DKI  
Irena Rektorova (Czech Republic)

Saturday, October 8, 2016

Plenary Session: Plenary Session 4  
08:00 - 10:00

Nutritional Modifications for Non-Motor Symptoms  
John E. Duda (USA)

Complementary and Alternative Therapies for Non-Motor Symptoms  
Laurie Mischley (USA)

Mindfulness Meditation and Non-Motor Symptoms  
Barbara Pickut (Belgium)

Break, Exhibition and Poster Viewing  
10:00 - 10:30
Parallel Session: Psychosis
10:30 - 12:00

Psychosis In Parkinsonisms: Phenomenology and Neuroanatomical Correlations
Marco Onofrj (Italy)
From Apathy to Impulsivity
Jaime Kulisevsky (Spain)
Depression
Elka Stefanova (Serbia)

Parallel Session: Sleep
10:30 - 12:00

Chair: Leja Dolenc Groselj, Dr (Slovenia)
Parasomnias in PD: REM Sleep Behavior Disorder
Anna Sauerbier (United Kingdom)
Sleep Disordered Breathing
Lisa Klingelhoefer (Germany)
Is RLS a Non Motor Symptom of PD?
Ronald Postuma (Canada)

Parallel Session: Neuroimaging Biomarkers
10:30 - 12:00

Chair: Zuzane Walker (United Kingdom)
Dopaminergic Imaging in Prodromal LBD
Zuzane Walker (United Kingdom)
Functional Imaging in RBD Spectrum: Diagnostic and Prognostic Implications
Silvia Morbelli (Italy)
Myocardial Adrenergic Imaging in Prodromal LBD
Giorgio Treglia (Switzerland)
Elsemarieke Mood and Behavioral Symptoms in PD: Functional Imaging Correlates
Elsemarieke Van de Giessen (Netherlands)

Parallel Session: Pain
10:30 - 12:00

Chair: Paolo Barone (Italy)
Relevance of Pain in PD: Clinical Features, Epidemiology and Quality of Life
Paolo Barone (Italy)
Industry Session: Sponsored Symposium

12:00 - 13:30

Break, Exhibition and Poster Viewing

12:00 - 14:00

Parallel Session: Non Motor Dysfunction in Dystonia

14:00 - 15:30

Parallel Session: Non-Motor Assessment Tools in Clinical Practice

14:00 - 15:30

Chair: Pablo Martinez-Martin (Spain)
Chair: Flisar Dusan (Slovenia)

Holistic Non-Motor Assessments that Needs to be Done in Clinic
Pablo Martinez-Martin (Spain)

Tools for Assessment in Pain in Clinic
Michele Tinazzi (Italy)

Simple and Effective Assessment of Sleep and PD-RLS in the Clinic
C. Padkumar (India)
Parallel Session: Biomarkers

14:00 - 15:30

Chair: Uros Rot (Slovenia)
Chair: Rivka Ravid (Netherlands)

Biomarkers in Preclinical Disease
Mikhail Ugrumov (Russia)

From Specimen to Biomarker- Biobanks in Discovery of Biomarkers for NMDPD
Rivka Ravid (Netherlands)

Tracking MSA: Fluid Biomarkers and Imaging
Wassilios Meissner (France)

Oral Presentation: Free Communications

14:00 - 15:30

Cognitive Impairment in PD SCOPA-COG in India Patients
Kalyan Bhattacharyya (India)
Chair: Kemal Bayulkem (USA)

ARE PARKINSON'S DISEASE PATIENTS FIT TO DRIVE ?
E. BROUSSOLLE, L. Paire-Ficout, M. Ranchet (France)
